SENT BOYS OFF WITH A SMILE

Sonoma Soldiers Given Send Off at Santa Rosa Prior to Leaving For Camp Lewis

The soldier boys who left from here with the last contingent for Camp Lewis departed on Sunday morning from Santa Rosa amid many smiles and cheers. There was some mistake in regard to the day of leaving and it necessitated the boys remaining over Saturday night in Santa Rosa. They were glad of the opportunity for the county seat folks had prepared a royal time for them and between the soldiers and Liberty Loan there was a motif for as fine a time as Santa Rosa ever staged. The bands played and a street dance was one of the features of the evening before the departure of our soldiers.

In this open air festivity Sonoma's patriotic steppers were Sonoma's patriotic steppers were "there a million." George Carpenter, decorated with a gorgeous rose pinned in the lapel of his coat by a Santa Rosa belle, was the gayest of the gay; George Angove under the guidance of his pretty cousin, who is training in a hospital there for a nurse, was the center of an admiring group of young nurses and with a friend of his from San Francisco entered into the fun as did all those fortunate enough to be present; John Schutz and Byron Weaver were not losing any time either but resigned themselves to the hero class with evident enjoyment.

On Sunday morning there was a big crowd down to the train to see the boys off and they were presented with a bunch of roses as they climbed aboard the train amid cheers and applause.

It seems to be a growing realization that we must send our lads away with a smile but after it is all over and the boys were on their joyous way, many a father, and mother, sweetheart and sister, went home and at their quiet lonesome hearthside wept those tears which only dear ones know when the parting hour comes.

Another contingent left from here yesterday and among the boys who went was Emile Basaglia.

John Schutz, smiling as of old, was in town Saturday saying goodbye to his friends before starting for the training camp in Washington. Schutz was formerly the popular Wells-Fargo agent here. He was in the last contingent of soldiers from this district.

LOYALTY TO BE CHECKED UP

Community War Council to Get Down to Business After Meeting Tuesday Night

The many organizations in Sonoma Valley are in receipt of a letter this week from the Community Council of which the following signed by the chairman and secretary is a copy: Sonoma, Cal. April 30, 1918

Your organization is requested to send a duly authorized representative to a general meeting of the Sonoma and Vicinity Community War Council, to be held at Sonoma Grammar School hall, on Tuesday, evening May 7, 1918, at 7:30 o'clock, at which time the permanent organization of this body will be effected by the election of eleven members as an Executive Committee, who will in turn elect the Chairman and Vice-Chairman and the Secretary-Treasurer, fill any vacancies among the Executive Committee, and to take over the detail management of the Community War Council work as your representatives.

A careful house-to-house canvass and registration of all residents and citizens is to be made, in order that there can be no question as to each individual's loyalty to this country in its hour of greatest need. Disloyalty on the part of the individual, if there be any such, is to be "smoked out." A complete card system is to be provided, in which every individual in our midst is to be tagged—there is no half way station—they must be with us or against us. We must be able to command the loyal and watch the disloyal.

Every permanent loyal organization must be represented. The nation now calls you. We must win this war. Your organization is needed.

Respectfully,
R. P. HILL,
Chairman,
R. E. Perkins,
Secretary.

This meeting is fraught with vital importance to the community.

JR. BUTLER IS CALLED AND WILL GO TO COLORS

Dr. Butler has been finally called to the colors but after telegraphing to Washington, D. C., the Board of Managers arranged for the superintendent of the big institution to remain until June 15th to get his affairs in shape.

It is said that the Board will appoint a substitute and keep Dr. Butler's position open for him until his return to Eldridge from the war.

FIRST LETTER FROM N. DAL POGGETTO

Tells of Arrival "Over There" With American Forces and Says Country Is Like Sonoma

Mayor Dal Poggetto is in receipt of two letters from his son, Newton, who dutifully wrote home as soon as he landed "over there" with his unit of the American expeditionary forces.

Young Dal Poggetto is hoping for a furlough some time in order that he may look up relatives of both his father and mother in France and Italy. He has many cousins over there, one in the French army and several in the Italian army. One of his uncles, Fortunato Dal Poggetto, resided here when Newton was a boy and returned to the old country about 10 years ago. The relatives over there reside in Lucca and Piedmont and the Sonoma soldier has promised that if there is any chance at all he will look up his kin folks.

The following letters were received by Mr. and Mrs. Dal Poggetto on Monday:

On Active Service With the American Expeditionary Force
March 31st, 1918

Dear Mother:—
Arrived in France safe and had a very nice trip across the ocean except during the first few days when I was seasick, otherwise I enjoyed it very much.

The little of France I have seen so far is very pretty and it reminds me so much of the old town and valley. There are a lot of interesting things that I would like to write about but you will have to wait until I return as you know the mail is censored and we must be careful of what we write. About all that we are allowed to say is that we are well. I am going to write to the folks in Italy and as soon as I can get a furlough I am going to take a trip to see them.

As I know of nothing else to say I must close and hope this letter will find you all in the best of health as I am enjoying the same.

your son, Newton
April 8th 1918

Dear Mother:—

Since my last letter we have been traveling a great deal and France, I must say, is a very beautiful country, especially at this time of the year when everything is green and in blossom. There are many interesting things I would like to write about; where we are located, but that will have to wait until I get home. I think we are now stationed in this camp for good and we will be able to fix up the camp to suit us. We will then be right at home again. The eats are just as good as ever and there is plenty of it. That's one thing in the army you don't have to worry about, as there is always three squares coming.

Do not fail to send the papers as I would like to hear the news from the old town and later when we are settled I am going to have you send me some good old U. S. candy as my mouth is watering for it. The weather is awful unsettled and it is raining most of the time.

Remember me to all
As ever your son,
NEWTON.

CLAIMS BRIDE ON THURSDAY

Joseph Vella and Miss Rose Kempf Sutter Wed at Napa... Honeymoon Up North.

Joseph Vella, one of the partners of the Sonoma Mission Creamery and a very popular young business man, claimed for his bride on Thursday, Miss Rose Kempf Sutter, a pretty and vivacious Sonoma girl. The ceremony uniting the happy couple was solemnized at high noon by Rev. Father Ryan of the Catholic Church in Napa and was witnessed by the parents of the bride, Mr. and Mrs. J. Sutter, her cousin, Miss Julia Bracco of San Francisco, and Wm. Montini and Mr. and Mrs. Walter Murphy, friends of the groom.

The wedding party motored over to Napa about 10:30 Thursday morning and after procuring the marriage license proceeded to the parochial residence and later to the church where the impressive ceremony uniting the young people was performed. Miss Julia Bracco was maid of honor and Mr. Murphy, best man. The bride wore a pretty crepe de chine dress of champagne color, embroidered in contrasting shades and carried a bouquet of orange blossoms and roses. Her dainty maid of honor was gown in a taupe crepe de chine with Georgette sleeves and metallic trimming.

After the ceremony the happy couple accompanied by the relatives and friends motored to the Brooklyn Hotel where a fine banquet had been ordered by the groom. The table was beautifully decorated with roses and an Italian menu of many courses was served. Here the health, wealth and prosperity of Mr. and Mrs. Vella was heartily toasted.

SONOMA VALLEY "OVER THE TOP" LIBERTY LOAN AND CELEBRATED EVENT TUESDAY NIGHT

Total of \$81,825 Exceeded and Figures Indicate \$100,600

Sonoma Valley is 100 per cent patriotic, and then some, if we may judge by the response to the Third Liberty Loan which climbed steadily until our quota has been exceeded by several thousand dollars. In accordance to the apportionment based on bank deposits, Sonoma Valley allotment was \$81,825 and by Tuesday last we had gone over the top to \$85,000. The splendid part of this subscription is the fact that it was subscribed entirely by individuals whereas the two former loans were rounded out by the response of the local banks. The first loan quota was \$54,000 which was raised, the second \$131,000 which we exceeded and the present drive took us way past the apportionment of \$81,825 up to \$85,000 and it climbed to \$100,600 by Friday night.

Sonoma is well proud of its achievement for the territory embraced in this district and canvassed for the funds was not further up the valley than the State Home, Glen Ellen and Kenwood having been canvassed by Santa Rosa. The Liberty Loan car from the Federal Reserve Bank was in town Monday and put the final touches on our splendid showing.

As a result there was a patriotic demonstration in the Plaza Tuesday night. An immense crowd gathered to see the little soldier of the Liberty Loan go right "over the top" and see the honor flag coming to all communities who subscribed their quota, flying in the breeze. It was an ideal night and the ever popular State Home band came down to join in the ovation and add enthusiasm to the occasion.

Just as darkness settled over the historic town, the arch was illuminated and the indicator advanced to the \$85,000 mark amidst prolonged cheers and applause. Old Glory with the honor flag below it was then raised over the city hall and fluttered proudly in the evening breeze as the spot light played upon it and the patriotic strains of the "Star Spangled Banner" resounded throughout the historic square.

It was a proud night in Sonoma history and one that expresses the real interest of this valley in the boys "over there" fighting for the triumph of true democracy. Let us roll up a still prouder score. Buy more bonds today.

Wm. Peterson, accompanied by his wife and baby, came up this week from Richmond to spend a two week's vacation with Sonoma relatives.

Axel Soderberg was granted a 30 day furlough and has reentered in the navy.

Miss Catherine Laurenzi went down to San Francisco Saturday to attend a farwell party given by her sister to Mr. Frank Pieri who is leaving for the war. A fine time with dancing, feasting and singing made it a most enjoyable event.

Jack Picetti spent Saturday and Sunday with his wife and pretty baby. Mr. Picetti has a good position in San Francisco but expects to return before long as he says there is no place like the country.

LIEUT. DUHRING MAY RETURN

Rumor That He is Coming Back to Washington For Aviation Service Training

Lieutenant Frederick Duhring has been in Paris of late and his respite from the nerve wracking work at the Front where he has been in the convoys of autos bringing wounded to the base hospitals, may be more prolonged than he first expected. It is now rumored that he is to return to Washington for training in the aviation service to which he will be transferred. Despite many letters and cablegrams the rumor has not been confirmed but the young wife of the Lieutenant is so hopeful of his return to the U. S. A., that she left for the East this week and after visiting relatives will take up her residence at the National capital.

While in Paris last month, Lieutenant Duhring called upon Monsieur Legallet, president of the French Bank in San Francisco, and a brother of Mrs. A. Froment of this place. Legallet has a son in the army also and with the Sonoma soldier a mutually pleasant visit was enjoyed around the luncheon table.

Frederick's many friends hope for his return to this country and would be delighted if he could get back to his old home town and they could get a glimpse of a fellow townsman just from the Front.

DANCE TONIGHT AT GLEN ELLEN

Grand Opening of Glen Ellen Hotel Under New Management

The grand opening tonight of the Chauvet Hotel at Glen Ellen under the new management of Monroe & Nielsen, will be a gala event and a large crowd will attend. The genial management has extended a general invitation for all to be their guests and has engaged a fine orchestra from Santa Rosa to play for the dancing.

At midnight a delicious hot chicken supper with the other good eats will be served for a nominal sum after which merry making will continue until the wee small hours.

The proprietors of the Chauvet have renovated the big hotel and are getting ready for a banner season. They are gentlemen of pleasing manner and know how to treat the public right, consequently already they have made many warm friends throughout the valley.

Be on hand tonight and make the opening dance one grand success.

Henry Weber Jr., was a city visitor last Sunday.

Mrs. Schumann of Buena Vista went down last week for a short visit with San Francisco friends.

Paul Dewey, formerly of this place, passed the examination recently for Second Lieutenant at Camp Lewis much to the delight of his folks.

SOLDIER BOY DROWNS HERE

Garfield Tabor Goes Swimming in Tank at Agua Caliente and Tragic Death Ensues

Garfield Tabor, a twenty-one year old soldier boy from Ft. Scott who was spending a week end outing in the Sonoma Valley, met a sad and tragic death in the swimming tank at Agua Caliente Springs last Sunday afternoon. After a hearty meal he entered the tank to take a swim and it is believed that he was seized with a cramp or heart failure for he died almost instantly, although those who went to his rescue got him out of the water quickly and every means of resuscitation was resorted to in an effort to save his life.

Chas. Price, of this place, was close by and Oliver Hopkins of Petaluma but neither was able to do anything to save the doomed lad. Roy Kynock of Petaluma ran to Petters and got a masseur who worked over the body of the boy after it was taken from the water but all to no avail. Mrs. Green from Boyes Springs and two physicians also made every effort but nothing could be done to revive the soldier.

Tabor's brother was with him at the baths and was overcome with grief when he found that the unfortunate young man had succumbed. The mother of the boys resides in Oklahoma and deceased had just written and posted a letter to her telling of his good health and enjoyment of life at the western army post. A telegram the same night apprised her of his death. Tabor's body was brought to town where an inquest was held by Coroner Phillips, the verdict being accidental drowning.

The remains were shipped to the Presidio Wednesday morning on advice from the military authorities.

The young man is reported to have been doing secret service work and investigating the chances of soldiers to secure liquor in this valley. He evidently got no drinks for there was not the slightest suspicion of liquor about him according to those who rendered first aid.

While his body lay in state at the local undertakers many civilians and parents of boys gone to war made a pilgrimage to the resting place of the young patriot and placed flowers on his silent form.

He was a fine looking young man and his untimely death here was generally regretted.

Sonoma Valley Wants New Comers to Locate

It is a very pleasant theme to write an invitation asking new people to locate in Sonoma Valley, pleasant because we now feel that Sonoma is coming to the front as an industrial center and can give employment to working people as well as offering excellent opportunities to families of small and large capital who are desirous of taking up a rural life. The industrial development which is apparent so far this year is unfolding opportunities, not only for those who want work, but for those who want to sell their produce.

The outlook for Sonoma's prosperity has never been better and we hope that the help problem, which will hinder some localities, will not apply here to a disadvantageous degree for we excel in attractive climate, living conditions, proximity to San Francisco and other apparent advantages which we enjoy over other sections of the state.

What the valley needs most of all just now is a good promotion body or a booster such as Petaluma retains, to set forth the advantages of this locality and to attract future residents here. Fully as valuable is all the publicity Sonoma can get through the newspapers that the outside world may learn of our new opportunities and the natural charms of a valley whose praise is little sung in an era when other communities are loudly megaphoning their "unsurpassed advantages."

In regard to Sonoma Valley's new opportunities they are born of the war to a certain extent but will no doubt be permanent for the markets of the world will need replenishment for years to come. The extensive cannery being erected here by Mr. Sebastiani is due to the great demand for canned goods for shipment to our army and the allies which make the price offered for California fruits and vegetables interesting to men of money and enterprise. We were fortunate in having Mr. Sebastiani launch the project here for he has successfully conducted his winery in Sonoma long enough to know shipping conditions and has found this locality no handicap to the growth of a trade with New York and other big Eastern centers. He will continue to develop the wine business along with the new canning proposition and Sonoma fruits, vegetables and wines will thus take a leading place among California produce shipped across the United States to the Atlantic coast. Our wines are already known the world over and the demand for Sonoma Valley vintage is now greater than ever before in the history of California. The opportunity for our growers of grapes and winery people is therefore apparent, for prices are attractive and Sonoma produce can be sold right at home. The cannery season will open several months before the vintage season so help will be greatly in demand for several months to come.

The new glove factory is another enterprise which will be a strong factor in attracting wage earners to locate in Sonoma for working conditions are unusually pleasant, wages are good and living in "the Valley of the Moon" thoroughly delightful and cheaper than in many places hanted to wage earners because of the high cost of living. Sonoma has also the creamery enterprise which gives employment to quite a number of people, buys at a good price all the cream and milk Sonoma Valley dairymen can produce and turn out butter and cheese in quantities for the outside market. Our fruit dryers also offer employment to a large number of workers in season and there is talk of extensive quarrying operations and rock crushing activities by Oakland capitalists.

People who have a longing to settle in the country and get "back to the soil," could not come to Sonoma Valley at a more auspicious time. The inauguration of the Farm Advisor's office in Sonoma county and the organizing of the local Farm Bureau should be of inestimable value. Rents are cheap and land very reasonable when you consider our present opportunities and those which we have always enjoyed in the way of balmy climate, health giving springs, beautiful scenery and social opportunities such as good schools, churches, fraternal orders, granges, clubs and kindred organizations.

The mountain may yet come to Mohammed at least the present industrial activity makes us believe that Sonoma will come into its own and that a permanent system of fine highway will tap this undiscovered gem and be the magic wand to finally awaken the old mission town to its real importance. The day of transient success and temporary prosperity will then be supplanted by flourishing business the year round for everyone.

What a University Man Thinks of Drink Question

Drunkness does not cause insanity, but both are symptoms of degeneracy, we are assured by Dr. Charles W. Burr, of the University of Pennsylvania, in a recently published address. Dr. Burr does not hail prohibition as the great cure of crime, degeneracy, and insanity. Of statistics produced to show how it has decreased social evils, he says:

"One can prove anything by statistics, so they are of no value and I shall not discuss them, tho I could prove by statistics that, since the modern races that have accomplished the most have been drinking, even drunken races, drunkenness is a good thing—a manifest absurdity. The explanation is that these races are inherently superior, and the only good alcohol did was to be the fool-killer, and hence rid them of their weaklings. The thought of prohibitionists is that alcohol is the cause of degeneracy; the fact is, that the craving for alcohol, not its use, is a sign of degeneracy or symptom of insanity, which itself is a disease of bad protoplasm. No healthy youth craves alcohol, no normal young man wants to be a drunkard, nor does he ever become one. But the degenerate youth does crave drink, does not care whether he becomes a drunkard or not, and gets a sensation from alcohol that the normal man does not get. Prohibition has never been enforced for any length of time and if it could the degenerate would continue to degenerate. The statistics proving the tremendous improvement in prohibition States are fallacious. The hospital statistics are of no value as proving anything, because what type of insanity is most common in them at any time depends upon what is the most recent scientifically fashionable disease. To-day it is "dementia praecox" in most institutions, and the euphemism, 'constitutional inferiority' is replacing the brutally frank but correct word, imbecility...."

"That drunkenness leads to great evil every one knows, but the way to deal with it is not by prohibition but by public opinion, which is stronger

bor have, by refusing to employ drinking men, done and are doing more for temperance than all the laws on the statute-books. The real evil of alcoholism is not that it kills its victims, but that they drag down others with them. If its effects could be confined to its victims it would rid the world of useless people and the race would be improved. —Literary Digest

A Tip For Our Marshal

Marshal Packer of Woodland set nineteen men at work yesterday at a good job with a reclamation company with wages at \$3.50 a day for nine hours work. These men had been in the habit of spending many idle hours standing about the corner of Main and First streets. The marshal asked them yesterday whether they would rather go to work or hit the trail out of town. Nineteen of them took the job offered and are now assets instead of liabilities to the community.

We do not say that these men are idlers from choice, but the indications are that they would still be blockading the sidewalk except for the action of the marshal. He is to be commended for his action. There are still more idle men who should be set to work. This is no time for a man to be a consumer unless he is also a producer. There are slackers of many kinds; the man who does not perform some useful task just now is the man who has no business to fill his stomach with food which could be used by someone who is engaged in a useful capacity. Go to it, marshal; put them all to work. —Woodland Mail.

Says the official paper of the Expeditionary forces published in France in a clever squib:

"Washington, D. C., went dry last November by act of Congress, and since then the demand for water has been so great that the Committee on the District of Columbia is seeking to build a new aqueduct. That's the trouble with the stuff that's brought in in suit cases; it requires many chasers to get it down."

JOE RYAN'S WORK IS PRAISED

Words like the following from Adjutant General J. L. Boree and taken from his speech at Santa Rosa Friday the 26th, in a measure compensate Joe Ryan and the other members of the Exemption Board for their tireless splendid work of the past year. Said General Boree:

"I must say a word in praise of the exemption boards. They are compelled to do the service they perform. Remember this and do everything in your power to make their task just as light for them as possible. They are commanded to 'Furnish Soldiers' for the army. They

have to follow the rules and regulations laid down by the selective draft service. They are performing a magnificent work for their country. They are loyal Americans. Fathers and mothers, see to it whether it is absolutely necessary for your boy to fill that place at home, and let some other mother's son take his place.

"The sooner our American soldiers get into France, the sooner will the war will be ended. Every American soldier in France means another star. God bless the mother who wears that little star at home on her breast and also that star on her heart."

One Hundred and Forty-Two Years of Labor and Struggle

THE American people fought their first battles for liberty and the rights of self-government one hundred and forty-two years ago.

At that time, and for many years thereafter, their realization of their national aspirations and of the goal toward which they were really striving was vague and indistinct. But step by step they struggled onward and upward toward a light which grew clearer as their eyes and minds slowly opened to its significance. Today, as a result of their struggles and their sacrifices, we possess and enjoy our priceless American institutions.

These institutions must be preserved. The structure so laboriously reared in these one hundred and forty-two years will be utterly destroyed if we do not spring to its defense with every atom of our energy and determination. This is not a situation which may be trifled with, or evaded, or put off. It is one which must be met now—today—no matter what sacrifices it may entail, or what the cost may be.

The immediate need is the investment of our money in LIBERTY BONDS!

Ford

THE UNIVERSAL CAR

In busy cities or the country road, the Ford is a favorite among motor cars. There are strong reasons why half the buyers of America demand Ford cars. They have proved their worth under the most trying conditions in all parts of the world. People buy Ford cars because they know what they have done and will do. They have become one of the everyday necessities. Will you not place your order for one at once? Touring Car, \$510.70; Runabout, \$495.70. All f. o. b. Sonoma.

SONOMA BUSINESS MEN TO BEAUTIFY SECTION OF PLAZA

The business men on the south side of the plaza between Hotz corner and the Sonoma Valley Bank have a John McLaren streak in them that was hitherto unsuspected and as a result they are going to make such a beautiful park out of a portion of the plaza that verily the father of Golden Gate Park and even the wizard, Luther Burbank, will commend them. They have taken over a strip of land with the consent of the city and are going to improve it and make it bloom like a Los Angeles desert. In fact they declare that Boyes Springs park will have to look to its laurels.

First of all they had the ground properly plowed and smoothed and are preparing it for lawns and flowers while already caring for the trees and shrubs set out by the city.

Almost any time you can see Jop Valente giving the once over to this cherished area while Pluth, Franchesi, Keifer and the mayor are all on parade with their farming implements putting in good looks on this laudable work.

May it prove a big success and a good example to other volunteer plaza beautifiers and planters.

TOBACCO FUND SUPPLYING WOUNDED SOLDIERS IN HOSPITAL WITH SMOKES

In addition to the splendid service which the organizers of "Our Boys In France Tobacco Fund" is rendering the Yankee fighters on the other side by shipping smokes to them regularly, this patriotic movement has also been enlarged to embrace the New York hospitals now sheltering some of our wounded. Arrangements have been completed with the New York Chapter of the American Red Cross whereby "Our Boys In France Tobacco Fund" will supply regularly the convalescent American soldiers in New York hospitals with the much craved for and necessary tobacco. This branch of the work has been but recently entered upon and thus far the Red Cross people have distributed a number of kits of smokes to the boys over there. It is a deep source of satisfaction to the men who are responsible for "Our Boys In France Tobacco Fund" to know that they are not only keeping well supplied with cigarettes the Yankee soldiers fighting for democracy in France, but are also enabled to lessen the pain and increase the comfort of those men who have been sent back as the result of wounds and disease.

BIG CROWD AT FETTERS

Fetters Springs Theatre had a regular summer crowd last Saturday and Sunday nights and the musicians and entertainers were kept busy entertaining the pleasure loving crowds who motor for many miles to enjoy the dancing and the pictures at the big resort.

Mrs. Fetters has arranged for the serving of ice cream right in the theatre and the new plan is much appreciated by those who gather around the tables in real cabaret style and can enjoy refreshments without leaving the hall.

FARM FURLOUGHS ARE LIMITED IN NUMBER

The local exemption board has learned that only ten furloughs at a time are allowed from any one company and a farm owner in this vicinity was informed Tuesday that the furloughs are used up until May 21. It is stated that one agriculturist of Sonoma county offered \$100 and board for the services of a particular farmer who is now in the service. These furloughs are strictly limited and parties applying for farm hands must state what wages they are willing to pay, and it is up to the men to decide whether they will accept the terms.

How Do Your Sacrifices Compare With These?

THE American boy who goes to war gives up the position which means so much to his future, or the little business which has just begun to show promise of success.

He severs home ties; gives up home comforts; leaves behind parents, friends, wife or sweetheart.

He faces the probability of being obliged to take up life anew when he returns; of losing all the advantages which years of hard work have won for him.

He faces the possibility of coming back incapacitated for earning a living, and of being dependent upon his friends or upon charity.

He faces the possibility of never coming home at all.

Facing these things, he goes to France to fight for us who remain safely at home—and when the moment comes for him to go over the top—he GOES!

What will he think, how will he feel, if we complain because we are asked to make a few sacrifices for him—sacrifices so insignificant when compared with his?

Show him that to invest in Liberty Bonds is not a SACRIFICE but a PRIVILEGE—an appreciation of his sacrifice!

And When You Buy—Buy!

BOYES SPRINGS NOTES

There is an old saying that "coming events cast their shadows" and if there is any truth in the saying then Sonoma Valley can look forward to a banner crowd of visitors this season for there was a big crowd at the various resorts last Sunday especially at Boyes Springs.

The Boyes Springs Theatre opened Wednesday night to a very large audience that came from Sonoma, El Verano, Glen Ellen and other points in the "Valley of the Moon." They all enjoyed the Paramount pictures and the dance that followed. Paramount and Arctcraft pictures will be shown nightly with a daily change. There will be dancing every night until 11.30.

Lander (Jack) Stevens and his wife, (Georgie Cooper) returned from Oakland Wednesday evening where they had been rehearsing the "Great Divide," the play in which they will open their ten week's engagement at Bishop's Theatre. The Stevens' have quite a repertoire and will change their bill every week. They have the best wishes of all their friends at Boyes.

The next sheriff of Sonoma county has about finished his new livery stable and will be ready for business tomorrow. The best of horses for riding and driving will be Mr. Ryan's motto.

It has been decided by the improvement club committee to give the benefit for the fire department on Saturday, May 18. There will be horse racing, auto against horse, fire-fighting, laying of hose, etc., during the day and at night there will be entertainment and dance at Boyes Theatre. The committee will welcome any talent who will volunteer their services for this worthy cause. Any kind of an act or song will be appreciated. If you can help kindly communicate with the Boyes Springs Improvement Club. Remember the firemen are always ready to do their duty at all times and try to assist them on this occasion.

Steve's new grill is well under way and he will be ready for business about June 1st. The "Gae" will be in his glory while cooking spaghetti, etc.

There are about forty guests at Boyes Hotel which speaks well for the management of this popular resort.

There is certainly a boom on at Boyes and vicinity for no matter where one goes he can hear the song of the hammer and saw. There is plenty of work for carpenters and they can get a job simply by asking for it. Carpenters take notice.

The big swimming tank at Boyes has been thoroughly renovated and will be ready for swimmers tomorrow. The bath house has been greatly improved also.

REUNION OF PARLORS ENJOYED

Sonoma Native Sons Celebrate Monday Night at Santa Rosa

In response to the invitation to the first grand rally of Sonoma County Parlor of Native Sons of the Golden West, twelve Sonoma members journeyed to the City of Roses Monday night and enjoyed a wonderful evening. While Sonoma did not trot out the oldest native son they produced one who had been a member for 32 years and it was none other than E. H. Green, who is not only an old member but a live wire as well. Fred Hansen has been a handsome Native since 1902.

There was a fine program including the peerless Bob Madison, magician, who showed one of the Sonoma boys, Al Groskopf, just how to make money by sneezing. All the boys had a jolly time and at the banquet Jesse Prestwood made a fine talk as did also Dr. Gohar.

Those who went from here were: Messrs J. F. Prestwood, C. and A. Groskopf, L. H. Green, R. Pauli, Fred Hansen, Dr. L. C. Gohar, J. Keechler Jr., T. Kiser, A. Kerner and Will Holberg and Earl Revie.

The Parlor of the county are to be invited to Sonoma on Bear Flag Day which occurs in June.

NEW BOOKS AT LIBRARY

The following new books have been received by the library: "The U. P. Trail," by Zane Grey; "O. Money, O. Money," by Eleanor Porter; "Simba," by Stewart Edward White; "A Pankee in the Trenches," by Private Peat; "German Atrocities," by N. Dwight Hillis; "My Adventures as a German Secret Agent," by Capt. H. von der Goetz; "Donald Thompson in Russia," donated by John Tracy; "Crawford," by Mrs. Caskell; "Trying Out Torchy," by Ford; Beverly of Graustark," by McCutcheon; "English Traits," by Emerson.

Mr. Ambrose Lazar has donated five volumes of the works of Alexander Dumas written in French.

SONOMA TO HELP STARVING ARMENIANS

Sonoma is being organized this week for a drive in aid of the destitute and starving people in Armenia. This work has been overshadowed by the nearer sufferings of Belgium and France but it is equally appalling and frightful. The men murdered, the women and girls enslaved by the brutal Turks, only the old, the infirm and the children are left while towns and farms are sacked and The Red Cross has been unable to deal with the work so the American Committee for Armenian and Syrian Relief has organized a drive for next week to raise funds for this appeal for help from baby voices. In Northern California such well known people as Mayor Ralph, Mrs. Phoebe Hearst, Archbishop Hanna and others are at the head of the work. In Sonoma Mrs. F. T. Duhring is chairman. Schools, churches and various organizations are putting their shoulders to the wheel to bring in a full measure of aid.

SCHILLVILLE

Leo Bernard and family have taken up their home on the Johnson ranch at Baxter Villa.

Louis Cordill was among the business men at Petaluma Monday.

The Schumacher family were visiting in Petaluma Saturday.

Mr. and Mrs. L. Semino and daughters, Inez and Gemma, enjoyed the circus at Vallejo Thursday.

Mr. Schwartz of San Francisco spent Sunday with relatives on the Keiser tract.

Vic Donehue left for Pope Valley Sunday to take charge of the John Dobbins ranch while Mr. and Mrs. Dobbins participate in the Sonoma rodeo.

Frank McGill, wife and little son spent Saturday evening in Napa and as usual enjoyed a show.

C. H. Rush of Vallejo spent Sunday with Mr. and Mrs. C. F. Jensen.

Mrs. M. Carter left Monday for a trip to San Francisco. She anticipates an enjoyable visit with relatives from Michigan in the near future.

Mrs. Richard Specht entertained Seattle friends last week.

Mrs. Mattem and three children of San Francisco spent Sunday with her sister, Mrs. F. Schell.

Mr. and Mrs. F. Schell, Master Fred and little Nevada with David Moskowitz at the wheel of the Schell car, took in the circus at Napa Friday evening.

Mr. and Mrs. Bennett are raising a lot of fine chicks this year.

Wm. Curry spent Sunday here and took time to call on a number of friends. Mr. and Mrs. Curry are doing splendidly in San Francisco managing the Pierce Apartments, being listed as one of the best in the city being steam heated and modern in all respects.

Jack and Tom Miller left for Sonoma Monday to take part in the rodeo.

Mrs. Jas Tate reports a delightful recent visit with San Francisco relatives.

Mr. and Mrs. Joe Keiser and Mr. and Mrs. E. Steiger and daughter took a ride to Lovell Valley Sunday.

Mrs. T. McCauley and little daughter arrived at the F. Schell home Wednesday for a brief stay.

VINEBURG

Miss Myrtle Thomas, one of Sonoma's fairest and most popular young ladies was the recipient of a "shower" at the residence of Mr. and Mrs. David Volquardson in North Vineburg Tuesday afternoon.

There were about twenty of the young lady's friends present and "Little Sunshine" received many useful and valuable presents.

Louis Martin transacted business in the metropolis last Thursday returning the same day.

We are glad to learn that Mrs. Joseph Zisler who has been very ill at her home on the Napa road is now convalescent.

Andie Banchemo, well known and popular newspaper man of Napa, was a visitor at the John Batto residence Tuesday.

Mr. and Mrs. Statler, Mesdames Bollman and Haas of San Francisco were the guests Sunday of Mr. and Mrs. Bernhard Schrempf at their pretty home on the Hyde ranch.

Among the twelve Native Sons who attended the reception at Santa Rosa Monday from this part of the Valley were Chas and Albert Groskopf and Joseph Keechler Jr.

Viola Vineburg informs us that the prevailing and most popular colors this coming season will be green and pink. That is for the head gear of our society men.

Bloss Keechler was a visitor in this vicinity driving his swell car, an Oakland. Stay with it, Bloss.

Mr. and Mrs. August Figone accompanied by Mrs. Matilda Leveroni and son, Eddie, motored from San Francisco last Saturday afternoon. They spent Sunday here the guests of Mr. and Mrs. John Batto and enjoyed a very pleasant day. Mr. Figone was at the wheel of his swell car and was delighted with the trip to Vineburg as everything went along smooth and fine just like Jim Small's sons are fighting in France.

Fred Batto and son, Herbert John, accompanied by Mrs. Arthur Batto, and children motored to Petaluma Thursday.

Arnold Reible of Richmond is the guest of Mr. and Mrs. Tom Forni.

Henry Regal, formerly chief clerk at the Vineburg Inn, returned Thursday evening from a week's visit to the metropolis. Mr. Regal will shortly take charge of one of the well known resorts of the valley.
